| • Bottled Drinks (soda & water) (as required by event) | |

Insurance Information:

We carry \$1,000,000 general liability insurance. Copies of our certificates are generally issued with event contracts as needed.

Electrical Requirements:

- Standard 110 volt, 30 amp power (preferred) but 20 amp power acceptable

Trailer information:

Trailer dimensions with awnings: 20 x 15
 Trailer can have serving windows on 3 sides. We prefer to serve from long sides as shown in the picture. We have a holding tank for fresh water and grey water but prefer to operate from city water connected by health department approved hose. We need the ability to drain holding tank daily and need the drain to be within 30 feet from our trailer.
